

SAI KIRAN NANDAM

Data Analyst

Vijayawada, India | +91 9398748497 | kirannandam676@gmail.com | [linkedin.com/in/sai-kiran-nandam](https://www.linkedin.com/in/sai-kiran-nandam) | saikiran767.github.io/portfolio

Professional Summary

Aspiring Data Analyst with hands-on experience in SQL, Python, Power BI, Tableau, Advanced Excel, and Statistics for transforming raw data into actionable business insights. Skilled in data cleaning, data profiling, SQL view creation, dashboard development, and business reporting. Proficient in Python using Pandas, NumPy, and Scikit-learn for data analysis, statistical modeling, and automation. Strong understanding of data visualization, storytelling, KPI reporting, and solving business problems through data-driven decision-making.

Skills

- **Advanced Excel:** Pivot Tables, Pivot Charts, XLOOKUP, VLOOKUP, INDEX-MATCH
- **SQL:** Joins, CTEs, Window Functions, Subqueries, Stored Procedures
- **Python:** Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn, Data Wrangling, Automation, Statistical Modeling
- **Statistics:** Descriptive Statistics, Inferential Statistics, Hypothesis Testing, Correlation Analysis, Regression Analysis
- **Power BI:** DAX, Data Modeling, KPI Visuals, Slicers, Power Query
- **Tableau:** Calculated Fields, Filters, Interactive Dashboards
- **MySQL:** Database Management
- **EDA**
- **PowerPoint**
- **Problem Solving**
- **Storytelling**
- **Stakeholder Management**
- **Communication**

Experience

Data Analyst Trainee

Cedlearn

Oct 2024 – Jan 2025

Hyderabad, India

- Collected, cleaned, and transformed 50,000+ records across 5+ datasets using SQL (Joins, CTEs, Window Functions) – reduced data preparation time by 35%.
- Conducted end-to-end EDA using Python (Pandas, NumPy, Matplotlib, Seaborn) on 5+ datasets – identified 10+ actionable patterns to support data-driven decisions.
- Designed 3+ Power BI dashboards with 8+ DAX measures, KPI visuals, and slicers – enabling 4 stakeholders to monitor metrics 30% faster.
- Built 4+ Excel analytical reports using Pivot Tables, Power Query, VLOOKUP, and XLOOKUP – cut manual processing time by 40%.
- Created 5+ Tableau dashboards with calculated fields and filters – improved team data comprehension by 25% through visual storytelling.

Projects

Telecom Customer Churn Risk Analysis Dashboard | Power BI · SQL · Excel · DAX | [Live Demo](#)

- Analysed 10,000+ customer records using SQL extraction and Excel data wrangling to identify churn patterns through behavioural segmentation and retention analysis.
- Built an interactive Power BI dashboard with 8+ DAX measures, KPI cards, and drill-through reports – reduced stakeholder access time to churn insights by 20%.
- Identified 3 key churn drivers via root cause analysis – helped business teams prioritise high-risk segments and improve retention rate by 15%.

Placement Analysis Dashboard | Python · Statistics · Excel · Scikit-learn | [Live Demo](#)

- Analysed 500+ student records using Python (Pandas, NumPy) for data wrangling, statistical analysis, and aggregation – visualised salary distribution, placement rates, and hiring trends.
- Built Tableau dashboards with calculated fields and filters – presented hiring trend and salary benchmarking to 10+ stakeholders, improving comprehension by 25%.
- Developed classification models (Logistic Regression, Decision Trees) in Python with cross-validation to predict placement outcomes with 82% accuracy.

Certifications

Data Analytics and Visualization Job Simulation

Accenture (Forage) · 2025

Data Analytics Training Program

Cedlearn · 2025

Education

Master of Science – Computational Data Science

PB Siddhartha College, Vijayawada, India

Dec 2022 – Mar 2024

Bachelor of Science – Computer Science

PRPM Degree College, Vijayawada, India

June 2018 – Mar 2021
